caput
hominis

Gent. mag 17, 1747 p. 60 (Browne Willis?; is enim eodem anno titulum proposuit societati antiquariorum Londiniensi, ut testatur Goughs *Camden* 3 p. 444; ex eodem Hutchinson *Cumberl.* 1 p. 109 in tab. fig. 6); Brand *Newcastle* 1 p. 614; Lysons *Cumberl.* p. 160, 141 (ex his Hodgson 2, 3 p. 218); Bruce *wall* p. 283.

Testes consentiunt, praeterquam quod Bruce in contextu puncta omnia omisit.

Interpretatio incerta est; caput infra positum aperte viri est, non feminae, unde vix legere licet *D(is) M(anibus)*. *Gemellica Fl(avii) Hilario(nis) s(erva)*. *H(eres) f(aciendum) c(uravit)*. Britanni antiquiores ita intellexerunt: *gemelli C(aius) A(ulus) Fl(avio) Hilario s(uo) aut s(ervo) f(aciendum) c(urarunt)*; puncta certe post I et C versus secundi exhibent omnes nec desunt in Brucii tabula. Is in fine v. 2 interpretatur *c(arissimo) a(mico)*, non probabiliter; sed latet fortasse munus aliquod militare. Deinde legit *s(epulcrum) h(oc) f(ieri) c(uravit)*, omnino contra usum; *s(ecundus) h(eres) f(aciendum) c(uravit)* Henzenus apud Brucium proposuit, utpote formulam in titulis militaribus frequentem. Quod probandum puto, etiamsi defunctus nec miles erat neque *a person attached to the camp*, ut voluit Henzenus.

907 *At Cambeckfort* CARL. *At Walton House* HUTCH., BRUCE. Fragmentum latum ped. 1 dig. 9, altum ped. 1 dig. 6.
