Claudii ibi nummi frequentissimi sunt (cf. Archaeologia 18, 1815 p. 120); unde facile ex antiquissimis eam fuisse coniceris coloniis militaribus, quae postea in pace provinciae ab incolis fere deserebantur. Sed per totum praeterea comitatum frequentia sunt vestigia castrorum, ut dixi, tumulorum, villarum rusticarum (cf. in uni-

Lapis quadratus vix videtur fuisse miliarius; unde hoc loco retinui. Lectio, quanquam profecta ab homine non litterato, fraudis certe suspicione caret; neque incredibile est imperatori hic factam esse dedicationem.
