Contuli. Hunter *philos. transact.* 23, 1702 p. 1129; Horsley p. 288 *Durh.* 5 (inde Goughs *Camden* 3 p. 371 tab. 20 fig. 13); Hutchinson *Durham* 2 p. 431.

XXXIX. CORSTOPITVM

(*Corbridge*).

Magis versus septentriones, si viam *Watling Street* sequimur, a Vin-domora m. p. Anglica X, prope *Corbridge* oppidum ad viae Romanae tractum sita sunt castra Romana dudum nota, *Corchester* (vel *Colchester*, ut Hodgson scribit) appellata (cf. Goughs *Camden* 3 p. 493. 509; Bruce *wall* p. 339); turris ecclesiae ex lapidibus Romanis constat tota; item in aliis aedificiis frequentes reperiuntur adhibiti. Tam nominis similitudo quam mensurae ab hac quidem parte quadrant in Corstopitum mansionem itinerarii (p. 464, 3); numerantur enim ibi m. p. IX, a Bremenio autem, quod est ultra vallum, itinerarium m. p. XX computat, cum sint m. p. Anglica XV tantum. Certos numeros militares in castris ibi fuisse e

titulis non discimus; referunt tantum de legionariis in opere adhibitis. Proderunt ibi praeterea lapides nonnulli anaglyphis ornati, sed titulus carentes (Horsley p. 246 *Northumb.* 103. 104; cf. Bruce catalog. p. 2, 2. 31, 103), item lanx argentea anaglyphis ornata, quam servat Londinii dux Northumbriae, titulum pondus eius indicantem dabimus infra suo loco. Auctores titulorum iidem fere sunt atque quos recensui in capite praecedente; de scriptoribus Northumbriis dixi in praefatione ad vallum. Equidem locum non adii.

Adieci praefationi, ut soleo, titulos duos Graecos ibi repertos, ne in hac sylloge desiderentur.

In *Corbridge* repertae sunt arae duae, quarum altera ad *Netherby* translata est, altera, olim in the churchyard collocata, in museum Britannicum; hanc ibi vidi.
